When you send your employees on the road, in the sky, anywhere in the world...

Do what you can: BTA 360SM.

As your business grows, your employees spend more time on the road... and the risk of travel accidents and emergencies can increase.

Health, life and Workers Compensation insurance may not cover the risks sufficiently – and in some cases won't cover them at all.

Business Travel Accident Insurance from Chubb Accident & Health (A&H) can help fill coverage gaps, at home and abroad, by combining three components into one cost-efficient policy:

- Travel assistance coverages and services, which range from lost luggage and identity theft to medical and legal referrals, emergency transportation, and even dispatching medical specialists
- Medical evacuation, Repatriation and Out-of-country medical coverages, that reimburse the costs for emergency treatment and transportation for injured or sick employees, then pays to bring them home.
- Traditional Accidental Death & Dismemberment coverage, which pays a lump sum for accidental loss of life, limb, sight, speech or hearing.

Additional policy options are available to address risks such as political unrest, and help with the long-term costs of an accident such as rehabilitation, home alteration and vehicle modification, or accident related permanent disability.
