

Business Expense Insurance Program

How it Works for Small Businesses

ABC's insurance agent obtains quotes from several P&C insurers, which are required to offer this business interruption cover to small businesses.

A pandemic meets CDC medical criteria and U.S. HHS and the President declares an emergency.

Governor of state where ABC operates orders a shutdown of non-essential businesses. After a 14-day waiting period following a declaration, ABC's insurer sends the company an accelerated payment based on a multiple of its three-month payroll expenses.

ABC has needed liquidity in a time of crisis to survive and keep people employed.

Government funds 100% of excess layer up to \$500 billion.

SECOND LAYER

Government funds balance of claims up to industry limit of \$250 billion.

Insurers pay 6% of first-dollar claims up to industry limit of \$15 billion.

FIRST LAYER

Government funds 100% of excess layer up to \$500 billion.

SECOND LAYER

Government funds balance of claims up to industry limit

of \$250 billion.

Insurers' share of first-dollar claims payments grows annually to \$30 billion, or 12% of industry limit of \$250 billion.
