CHUBB®

Your classic car has stood the test of time – **help protect it well.**

A passion for – and expertise in – classic cars

For a century, we've been insuring automobiles. No matter the marque, make, or model, we maintain the highest standards to provide consultancy, help prevent damage, and – in the event of an incident – restore your valued vehicle.

Chubb has insured many of the world's most unique vehicles and our exceptional coverage is well known to classic auto hobbyists and car collectors. We understand what ownership means to our clients and respect their car's historic, emotional, and financial values.

Loss prevention as well as insurance protection

While theft is always a concern, collectible cars are also exposed to the same catastrophic perils as the structure they're stored in – fire, severe weather, and natural disasters. Chubb Risk Consultants are available to perform site surveys to uncover garage or storage vulnerabilities and advise you on damage prevention measures, like alarm systems and fire protection.

Expertise and partnerships that ensure impeccable repair

Our Collision Repair Experts take pride in seeing your auto in pre-claim condition. Working with top technical marque experts, your choice of shop, and Original Equipment Manufacturer (OEM) or custom fabricated parts, the team will make sure your repairs are of the highest quality – even if that means shipping a damaged vehicle overseas for repairs.

How does your current insurance compare?
