CHUBB

TRAVEL, PROTECTED.

Whether your journey takes you across the country or the world, travel poses risks. Make sure you’re protected with the right coverage so you can relax, explore, and enjoy your time away. At Chubb, we’re dedicated to protecting our customers from a wide variety of travel-related risks.

Preparing to travel to a new or risky location

When you’re traveling to a new location or somewhere in the world that might be considered risky, planning ahead can help make your trip less stressful and far safer.

Chubb can help

Chubb Signature customers can prepare for any travel situation by participating in complimentary telephone assessments of their prospective travel risks. Conducted by The Ackerman Group, a leading threat management and security consulting firm, these travel security assessments can make you aware of political instability, terrorism, and other crime risks.

More than awareness: Helping you be prepared

The Ackerman Group will make recommendations to help keep you and your family safe, such as how to get around, protecting your belongings, and overall security.

50%

Nearly half of Americans fear that they or a member of their family will be a victim of terrorism.¹

Traveling by car or boat

If you decide to transport yourself and your family in or around a foreign country, you may face additional risks, as well as costs, if you get in an accident. A discussion with your agent or broker can ensure you have proper coverage.

Renting a car abroad

Chubb’s Masterpiece Auto Insurance has some of the highest liability limits in the industry to protect you worldwide, with multi-national claim units in 54 countries.

Chubb’s Excess Liability Insurance

If your existing car/boat coverage isn’t enough for you or other affected parties in an accident, Chubb’s Excess Liability Insurance can trigger higher coverage limits. When combined with your existing car/boat policies, it can help protect affected parties, in addition to your assets and lifestyle.

Taking your boat outside of U.S. waters

Chubb’s boat and yacht coverage protects you, your family, crew, and watercraft, subject to navigational limits.

For Signature customers: Receive discounted port assessments and complimentary background checks (with additional checks at a reduced price) for your captain and crew.

The right coverage can help

Chubb’s Passport 360 insurance policy provides worldwide coverage and services to you and your family when you travel for business or pleasure. It is available in Essential and Enhanced coverage levels, and includes annual coverage for trip and baggage delays, services like translation

assistance, and trip risk intelligence, medical and political evacuation, excess medical expenses and more. If you would like more information, please refer to the Chubb Travel and Medical Assistance Overview.

81%

Personal protection

Identity theft can happen to anyone, anywhere. When you are traveling, stolen or lost passports, credit cards, identification, and itineraries can be used to steal your identity. Unfortunately, travelers may also face something far greater than a stolen identity: kidnaping, ransom, or extortion.

Identity Resolution Services

Chubb offers complimentary Identity Resolution Services to all of our homeowner and automobile policyholders, through CyberScout®, a leader in identity theft recovery, defense, and education. A dedicated fraud specialist will guide you through the process, from beginning to end. If you are a victim of identity theft or need assistance handling suspicious account activity, you and your covered household members can receive continuous theft report help, credit reports and monitoring, and additional alerts and tips.

For Signature customers: You can also receive complimentary International Identity Travel Assistance to help replace lost travel or personal documents.

Assistance with kidnaping, ransom or extortion situations

If you face a nightmare like this, you won’t be alone. Chubb provides services and coverage to help you handle a child abduction, kidnaping, ransom or extortion threat or situation, regardless of where you are in the world.
