02

Easy collaboration

Worldview's Discussion Room allows everyone on the team to communicate and share documents directly within the portal. Just click the *Discussion* icon or the *Start a Discussion* button.

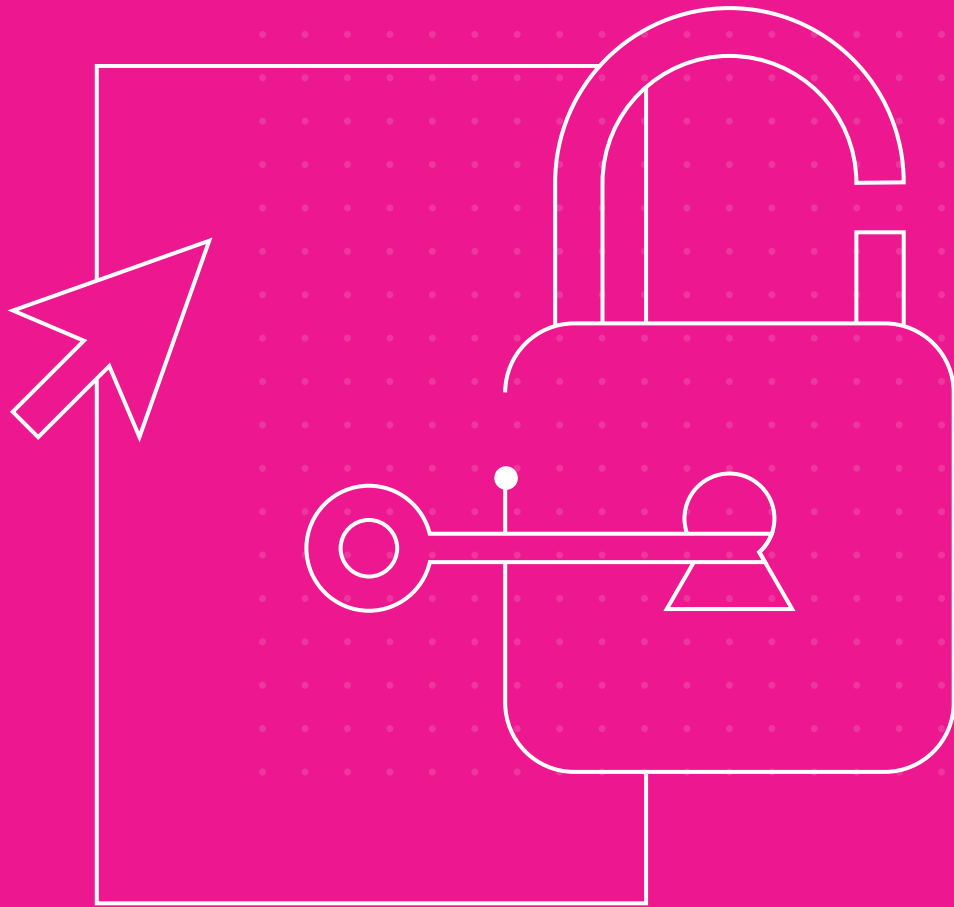

Since 2018, over

20,000

Multinational IQ reports
have been sent directly to
user inboxes, providing
regular holistic views of
program activities.

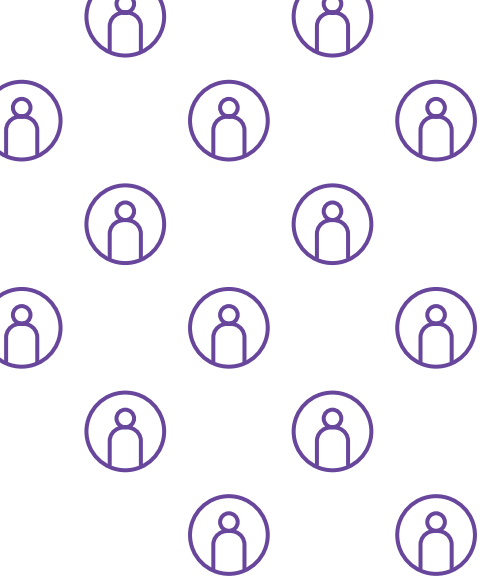

04

4D analytic claim reports

Our analytics platform for US claims relies on our expansive claims data to identify early concerns in order to optimize claim outcomes.

05

10

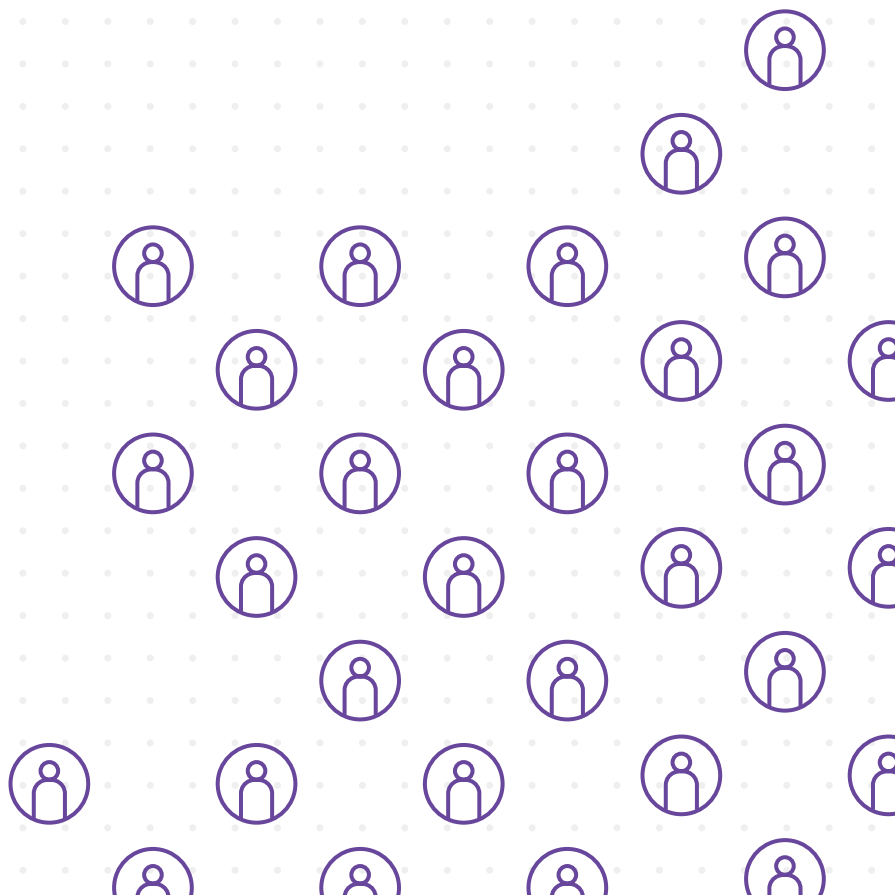

Years since Worldview was launched as one central place to track and access program information.

850,000+

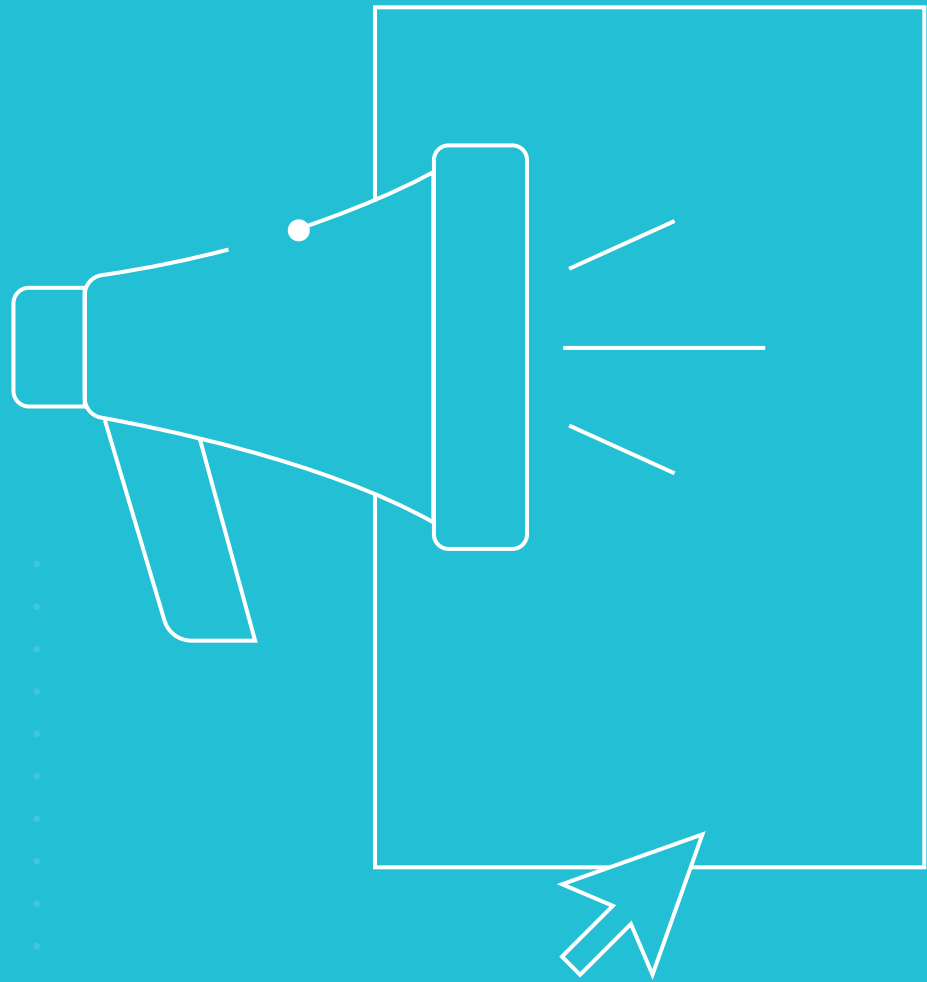

Logins since inception.

2.5 million

Views by users around the globe.

06

Custom alerts

Worldview can push critical information about program status, document issues, and many other changes to program information.

ESIS integration

When ESIS is your TPA, Worldview allows access to important features such as documents and agreements, analytics reports, key global risk advantage tools and digital collaboration with your ESIS servicing team.

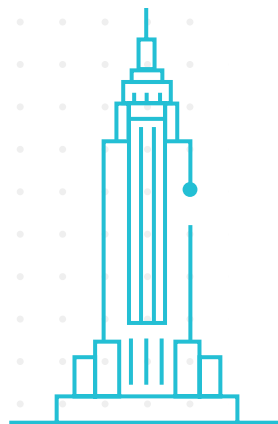

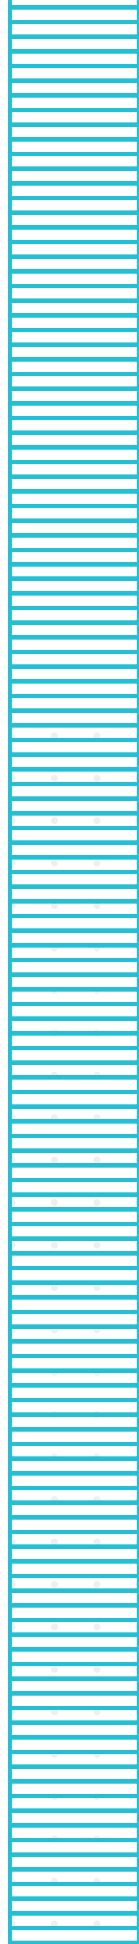

08

Multinational research tool

Multinational users can research, monitor, evaluate and report on the changing compliance and market environment for insurance in over 200 countries and 19 different products.

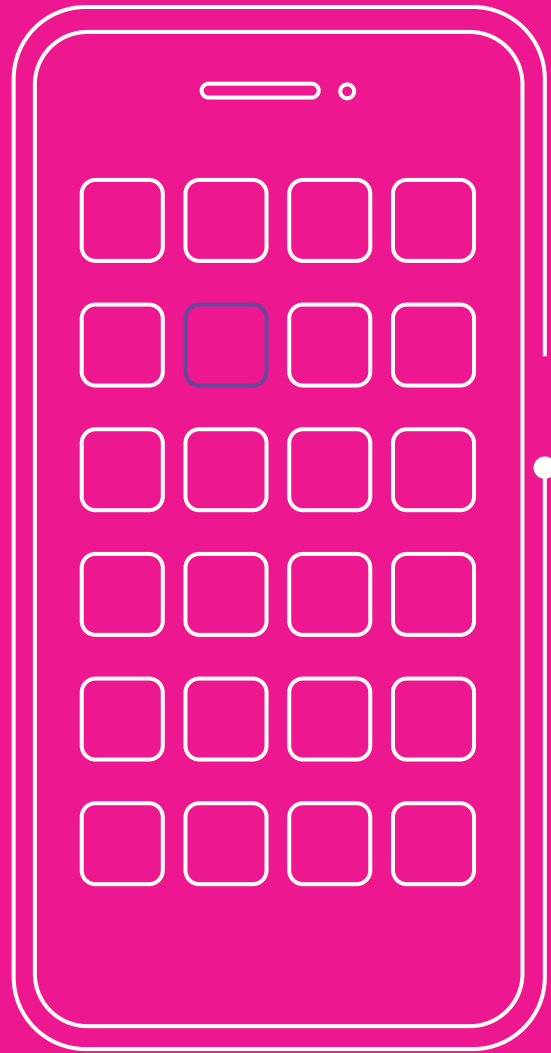

09

190,000+

U.S. domestic policies and endorsements issued electronically via the Worldview portal. If printed, that amount of paper would stack up 10 times taller than the Empire State Building.

10

Mobile and tablet ready

The power of Worldview is available on nearly every mobile device and tablet. Add a Worldview icon on your home screen to be just one touch away from your global program information.
