Masterpiece provides exceptional levels of cover for your home, contents, fine art and jewellery as well as family protection and personal liability coverage.

Helping cover
what makes your
house a home.

Home Appraisal

As a leading insurer of fine homes and possessions, Chubb offers free home appraisals for many of the homes that we insure.

One of our professional risk consultants will visit your home to carefully note architectural details as well as the interior and exterior features that determine your home's replacement cost and the amount of coverage you really need.

Our risk consultants also assist with security and loss prevention advice and will offer suggestions to protect your valuables from damage and theft.

Home and Contents

Extended replacement cost coverage

We will cover the full cost to rebuild your home after a covered loss even if this is more than the sum insured. So you are covered from the consequences of unintentionally under-insuring your home.

Cash settlement option

You can choose to receive cash if you decide not to rebuild your home or replace your possessions in the event of a covered loss.

Your choice of craftsmen

We work with you to appoint your choice of contractors and craftsmen wherever possible. Most insurers insist that you use their preferred contractors. When you're insured with Chubb, you control the specialist repair of your home or possessions.

Replacement cost on contents

When replacing your contents, Chubb pays you what it costs to replace the item today, up to your sums insured. So all your possessions, from clothing to sports equipment to valuable antiques are covered, without deduction for depreciation.

Worldwide cover for accidental loss and damage

Our broad cover means all your possessions are automatically covered wherever you are in the world for accidental loss or damage, even when you are travelling or your goods are in transit or in storage.

Environmental coverage

Masterpiece will help you protect the environment with a range of green covers you can depend on. We cover environmental upgrade expenses following a covered loss to your plumbing, irrigation, water heating or energy system. We also allow you to upgrade an appliance with a 4 star energy rating following a covered loss to whitegoods. We can even reimburse your increased utility expenses or low power utility income following a covered loss to your solar power energy system.

Remote Piloted Aircraft (RPA)

We provide cover for your RPA when used recreationally and in accordance with Civil Aviation Safety Authority (C.A.S.A) guidelines.

Exceptional
coverage across
the globe.

Valuable Articles

It's not uncommon for the valuable collections within a home to be worth more than the house itself.

Jewellery, fine art, antiques, silverware, wine and collectibles are all assets that demand particular attention. Maintaining their lustre, controlling their climate and managing their safe-keeping are measures that are imperative to protecting their value.

Chubb's Masterpiece Valuable Articles coverage is specifically designed to provide superior cover for valuable assets. Wherever you are in the world, Masterpiece will cover your precious items, so you can wear, use and enjoy them to the fullest.

Valuable Articles

Choices that suit your lifestyle.

As one of the world leading insurers of fine homes and possessions, Chubb gives you more than just a typical policy, we give you choices:

Itemised or blanket coverage

When you itemise your valuable articles with Masterpiece, we cover each individual valuable article for the sum insured listed in your coverage summary. This allows you to determine up front the amount of cover for each individual article under your Masterpiece policy. In the event of irreparable damage or loss to an itemised article, you will receive the specified sum insured with no depreciation. Alternatively, you can choose blanket coverage, where all you need to do is select a total limit of coverage for each category of valuable articles you wish to insure.

Extended replacement cost for itemised valuable articles

If your items of jewellery, fine art and other precious valuables have increased in value and the market value of the item at the time of a covered loss exceeds the sum insured, then Masterpiece can cover you with an extended replacement cost payment. As long as at the time of a covered loss you have valuations for your fine art which are less than 3 years old, or valuations for your other itemised valuable articles that are less than 2 years old, you will be eligible for extended replacement cost.

Cash settlement

We understand that some pieces are simply irreplaceable, so in the unfortunate event that a valuable item is irreparably damaged, lost or stolen, you can always choose to take cash for the sum insured, rather than attempting to replace the piece.

Instant cover for newly acquired pieces

If you have certain valuables itemised on your policy, and you add new items to your collection, these items will be automatically covered for 90 days. For fine art, jewellery, furs, cameras and musical instruments, the amount of coverage can be as high as 25% of your original itemised amount for that category.

Pairs, sets and parts cover

If you lose a piece of a pair or set or it is damaged beyond repair, simply give us the remaining piece(s) and we will pay the full replacement cost for the entire pair or set.

Added coverage when it matters most

Personal liability cover

Masterpiece provides you and your family with personal liability cover for a variety of circumstances where you are legally liable. For instance, it will provide you with cover if a guest incurs an injury at your home and takes legal action against you.

Identity fraud cover

Someone stealing from your bank or credit card account, taking out loans or refinancing mortgages under your name are examples of one of the fastest growing white-collar crimes in Australia.

Masterpiece will cover you for financial losses that can result if someone assumes your identity for illicit purposes.

Kidnap expense cover

Masterpiece provides cover for expenses as a result of kidnap and ransom.

Family protection cover

Family Protection cover is automatically provided with Masterpiece to help defray the costs associated with recovery from certain crimes and incidents.

Cyber cover

We recognise the increasing level of threat of cyber related attacks on the families we insure. In addition to cyberbullying cover, our family protection cover now includes cyber extortion, cyber financial loss and cyber breach of personal information.

Premium Protect benefit

If you suffer from a bodily injury that results in death or a permanent disability, we will pay your annual policy premium for the next 5 renewals up to a maximum of \$10,000 per policy period.

Emergency home assistance benefit

If you suffer from an emergency event, you can contact Chubb and we will arrange for a referral to one of our service providers. The cost of the emergency call out fee is covered up to a maximum of \$500.
