

Signature HomeSecure Service

A resource for brokers to share with clients

CHUBB®

Chubb HomeSecure is a complimentary security focused inspection specifically developed for our Masterpiece Signature customers.

Unlike Chubb's Home Appraisal, which primarily focuses on the replacement value of your property, a HomeSecure inspection is aimed at reviewing the security of your property to provide practical and tailored advice that may enhance your overall security and personal safety. HomeSecure is available at no cost to Masterpiece Signature policyholders and is provided by experienced Chubb Risk Consultants.

A value-added service

Effective home security involves more than just switching on an audible alarm system. At Chubb we recommend the development of a multi-layered approach for securing your home and valuables. Technology advancements have greatly improved the ability to achieve this, although a conscientious and diligent attitude towards security remains paramount.

A HomeSecure inspection will consider the individual characteristics of your property, combined with your living habits and individual lifestyle, to provide practical and tailored suggestions to improve overall security.

Aspects covered may include:

 Coverage of the alarm system	 The type of alarm monitoring
 The alarm monitoring contract	 Surveillance camera systems
 Perimeter security	 Physical security to doors and windows
 The type, location and installation method of a safe	 Identifying high risk areas and potential weaknesses

Whether you have experienced a recent breach of your home's security or are simply seeking additional advice to increase your level of security, Chubb's Signature customers are invited to take advantage of this complimentary, customised service.

For more information, or to book an inspection, contact your insurance broker or intermediary today.
