

Cyber Services - Canada

Cyber Incident Response Team

CHUBB®

Chubb's Cyber Incident Response Team is comprised of experienced service providers including Computer Forensics, Forensic Accounting, Public Relations, Notification-Identity Services, Call Centre Services, Cyber Extortion-Ransom Services, Business Interruption Claims Preparation, Legal, Regulatory and Communications Services. Chubb's Cyber Incident Response Team shall be construed as part of your policy, but no coverage is provided by this Cyber Incident Response Team nor can it be construed to replace any provisions of your policy. You should read your policy, including all attachments, for complete information on the coverage parts you are provided.

If you are a Chubb Canada policyholder for any commercial or financial line of business, but do not have Cyber Insurance, our Canadian service providers have agreed to provide you with the Chubb preferred rates if you need their assistance for an uninsured Incident - provided that you identify yourself as a Chubb policyholder when you first contact the vendor.

Chubb has no obligation to provide any of the legal, computer forensics, public relations, notification-identity services, call centre services, cyber extortion-ransom, business interruption, legal, regulatory or communications services offered by the Cyber Incident Response Team. The policyholder is under no obligation to contract for services with Cyber Incident Response Team service providers, except as amended by the Cyber Incident Response Team Endorsement. Prior to contracting with a service provider that is not on this list, please contact our Claims team.
