Claim Scenario Details

Financial Lines

Approximate Amount -\$755,000

The President and CEO of our Insured's organization was terminated without cause. At the time of termination, the plaintiff was over sixty years old, had been employed by our Insured for forty years. The plaintiff alleged that the amount offered to him at the time of termination was insufficient.

Shortly after the plaintiff's claim was filed, new case law was released that awarded long-term, senior employees lengthier notice periods in the event of termination. In this case, it's likely the Courts would have awarded the plaintiff up to 36 months' notice. Chubb worked closely with the Insured and counsel to resolve the claim early in litigation. Chubb contributed approximately \$710,000 towards the settlement and spent \$45,000 defending the claim.

Accident and Health

Approximate Amount -\$600

The Insured submitted a claim which did not initially meet the policy provisions. However, the examiner provided instruction on what additional information could be submitted to allow the examiner to re-assess the file. The claim was approved on appeal as a result.

From the Insured:

"I would like to extend my personal thanks to you and your Supervisor. I appreciate you listening to my situation and allowing me to provide further documentation. As well as clearly explaining my options and suggesting the best methods to resolve. During a difficult time and the principle of the matter, I thank you for taking the time and caring. You have made a difference and are customer conscious while representing your organization well."

Casualty

Approximate Amount -\$1,500

A Statement of Claim was served on the Insured for water damage to third party property. The Insured was the property manager for the building. Initial contact was promptly made with both the Insured and defence counsel. Early investigation revealed water damage was caused by a sub-trade retained by the main contractor. Relevant contractor agreements were reviewed which suggested no liability on the Insured. As a result, Chubb was able to obtain a Notice of Discontinuance against the Insured at an early stage of the litigation and avoid further litigation costs.

Personal Lines

Our insureds put in lots of time, energy and money to get their home ready for sale. Just when their home had never looked better, the unexpected happened. Significant water damage to their home left them unsure of what to do next. That's when they called up their Chubb broker and were immediately offered guidance and support. Minutes later a Chubb adjuster called, shortly followed by teams arriving at their home to take care of the damage. No matter how unexpected or unfortunate the situation, Joe and Roberta know that they can count on Chubb to help guide them every step of the way.
