We stand out against the competition

- With nearly 70 years' experience providing insurance solutions,
 Chubb has dedicated Technology specialists who have the authority on the multiline package approach.
 Coverage includes: Property,
 Terrorism, Employers' Liability, Public and Products Liability, Professional Indemnity and Cyber.
- We have tailor-made capabilities to address the needs of Technology companies, from start-ups to the most complex multinational risks with US exposures.
- Chubb's Cyber Enterprise Risk
 Management (ERM) offering is a
 market reference for the quality of
 coverage and services we provide.

We provide superior claims services

- We provide an award-winning claims service that understands the Technology industry and the challenges related to Technology projects and innovation.
- Our experience in sorting out complex claims allows us to provide our insureds with the most effective support in selecting the right experts and defending the cases, here and abroad.

We offer expert risk engineering services

 Chubb has developed a team of dedicated and specialist risk engineers in the UK & Ireland, who combined, have over 25 years experience in the industry. Their sole aim is to help our Technology insureds understand and mitigate their Technology Professional Indemnity, Cyber, Casualty, Property and Business Interruption exposures.

Multinational Programmes

We stand out against the competition

- We understand that many companies seek growth and new opportunities overseas, however, we know this can bring a multitude of new and complex risks. To support these businesses, Chubb offers a bespoke Multinational Insurance Programme which is tailored to meet the needs of clients operating around the globe and in challenging markets.
- We offer local knowledge, 24hour claims handling, inhouse risk engineers and crisis management advice
- We help brokers and the insureds to comply with local regulatory requirements and in local language

 We have capabilities to issue admitted policies overseas, including Property, General Liability, Professional Indemnity, Cyber, US Auto and Workers Compensation or Employers' Liability

Chubb's Multinational capabilities are supported by <u>Worldview</u>, our awardwinning web-based platform which helps brokers and clients to effectively manage global insurance programmes.

Key features include:

- Policy issuance and electronic delivery of program documents
- Invoices and money movement
- Claims information, assessment, and reporting
- Data visualisation and interactive dashboard capabilities
- Account servicing and collaboration with your Chubb team
- Multinational Research Tool (MRT)

CHUBB®

Covering all Technology companies with one leading insurer

We have a clear focus for businesses that provide Technology solutions, products and services. That's why we are able to provide solutions for SME, Mid Market and Major Accounts, across five core appetite classes:

THUBB®

A service that speaks the language of your clients' business

The Chubb Technology Package is a comprehensive first and third party policy, which provides solutions that meet the unique insurance needs of Technology developers, producers and distributors.

Where other businesses are mainly exposed to property damage and bodily injuries, Technology companies have particular exposures to intangible assets, data, and financial loss.

When specific coverage like this is needed, Chubb steps in to offer a broad range of solutions across the UK & Ireland. Our coverage is delivered effectively and efficiently in local

languages, and through monoline or new innovative package products developed according to the local market requirements.

For total confidence, we advise your Technology clients to buy a package policy. Not only does this allow them to enjoy the ease of working with one insurer, but purchasing all coverages together helps to avoid gaps in cover. This continuity makes loss reporting and claims much easier to handle for both brokers and clients, avoiding disruptions and reputational challenges to their business.
