- Dedicated Cyber Risk Advisor
- Attack Surface Management
- Threat Intelligence Outreach
- Cyber Security Awareness Training
- Password Management
- Incident Response
- Phishing Simulation
- Table-top exercise

* Complimentary Terms vary by service.

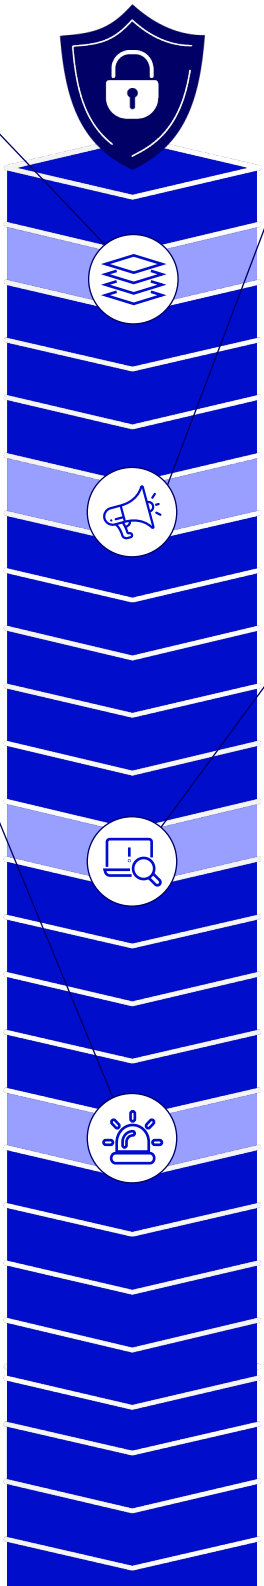
Incident Response Solutions

Knowing when and how to respond to a cyber incident can make all the difference. Plan and practice your response before an incident occurs — and ensure quick action if it does.

Breach Response Plan Builder: Utilise a customisable, pre-written data breach response plan accessible 24/7 online or via a mobile app. Enjoy a 30-day free trial. C

Virtual Incident Response Tabletop Exercise: Test your cyber response plan for weaknesses with our interactive simulation, featuring a custom-tailored scenario based on current threats.

Incident Response Mobile App : Get 24/7 incident reporting and response service resources at your fingertips. C



Chubb Vulnerability Outreach Programme

Our Cyber Threat Intelligence Team has a curated collection of actively exploited threats leading to cyber claims (collection represents less than 1% of the known software vulnerabilities in existence).

If a potential threat is detected in your environment during routine monitoring and scanning, you and your broker are promptly notified with guidance on how to remediate the threat to prevent it from spreading and becoming a serious issue. C

* Complimentary Chubb-Managed Services

Vulnerability Management Solutions

Help keep track of and address common software vulnerabilities and misconfigurations that can leave your organisation exploited.

External Vulnerability Monitoring: Monitor cyber risk as a daily measurement of your security performance via a platform that highlights strengths and potential weaknesses. Complimentary access for 60 days. C

Penetration Testing, Attack Surface Management, and Breach and Attack Simulation: Identify and prioritise vulnerabilities, misconfigurations, shadow infrastructure, and other exposures with expert penetration testing.

Autonomous Endpoint Management Platform: Utilise a single, autonomous platform that provides real-time visibility, control, and remediation of your IT estate.

Security Ratings Platform: Gain insights into your security ratings and identify your external attack surface to mitigate vulnerabilities and protect your business from potential risks. Enjoy free access to the platform for 45 days C

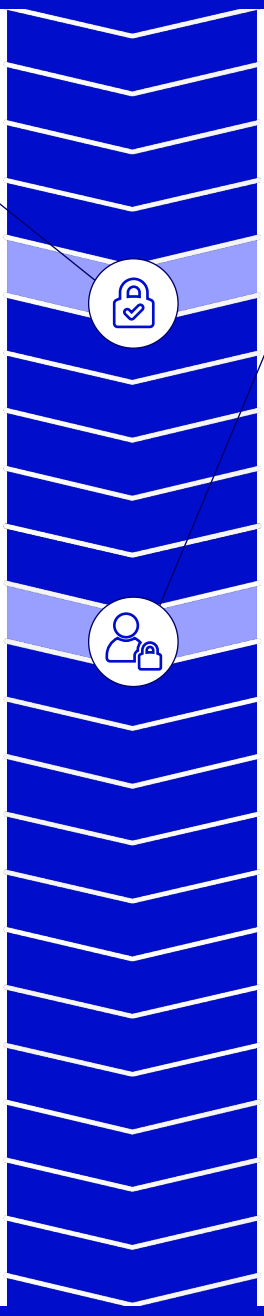
CHUBB®

Endpoint Cyber Security Solutions

Access solutions that stop cybercriminals and their advanced attacks from entering and spreading through your organisation's networks.

Endpoint Security and Response: Get access to 24/7 anti-virus software that helps provide protection to your computer network and the vulnerable entry points.

Extended Detection and Response: Get access to software that encompasses AI-powered prevention, detection, response, and threat hunting across user endpoints, containers, cloud workloads, and IoT devices.



User Security and Awareness Solutions

Create and maintain a vigilant workforce that serves as your first line of defence against phishing attacks, compromised credentials, and more.

Cyber Risk Training and Resource Library : Access cybersecurity training, alerts, trends, and risk management tools to help prevent cyber losses. C

Secure Password Manager: Simplify password management and reduce negligence and poor password hygiene risks with a complimentary solution for under 100 employees and preferred pricing for over 100. C

Phishing Email Simulator: Empower your workforce to make security decisions against phishing threats with a 100-email complimentary offering. C

Identity Assessment: Gain visibility into all accounts, including those needing multi-factor authentication, to identify security issues and address identity security gaps. Complimentary risk assessment for policies with > 250 employees. C

Security Awareness and Anti-Phishing Training : Get access to top security awareness and phishing prevention courses, games, and videos, plus customizable services to enhance employee skills on the latest cyber threats. C

CHUBB®

All Cyber Services are subject to change. Changes to the service offerings will be displayed on the local Cyber Services web form. Policyholders are responsible for reviewing the specific terms and conditions of each Cyber Service provider to ensure eligibility and remain informed regarding any changes. The complimentary cost is applicable only to policyholders who are net new subscribers/customers to the respective services.

The services referenced are provided by a third-party vendor not affiliated with Chubb. The fact that offers and potential discounts may be made available by the third-party vendor is not an indication that insurance coverage is available under any Chubb policy for any particular incident. Discounts on products and services offered by this vendor are available only to Chubb policyholders with current in-force policies and are subject to applicable insurance laws. For products and services provided, the policyholder and third-party vendor would enter into a vendor relationship directly. Chubb will not be involved in the policyholder's decision to purchase services and has no responsibility for services that may be provided.

All content in this material is for general information purposes only and may not be shared externally without Chubb's consent. It does not constitute personal advice or a recommendation to any individual or business of any product or service. Please refer to the policy documentation issued for full terms and conditions of coverage.

Chubb is a world leader in insurance providing commercial and personal property and casualty insurance, personal accident and supplemental health insurance, reinsurance and life insurance to a diverse group of clients. Parent company Chubb Limited is listed on the New York Stock Exchange (NYSE: CB) and is a component of the S&P 500 index.
