

I am a senior underwriter in
personal risk services.
I am Tracy.

Coming out with bespoke insurance solutions is the core for my line of work. Each client is as unique as each Masterpiece policy we underwrite.

Knowledge and expertise sharing with my stakeholders are essential in my line of work. This ensures that I'm kept on track when it comes to making informed decision in underwriting and strategies to be adopted for business development. Having the "Can Do" attitude helps drive me to provide cutting-edge underwriting solutions most suited for our clients.
