

Chubb Elite II Investment Management Insurance

CHUBB®

Financial Lines

Increasing volatility in the global financial markets, investor and securities claims against investment managers and litigation funders have further highlighted the need for investment managers and their directors to be protected.

In early 2007, many thought it inconceivable that in two years, the world financial system would be facing its worst crisis since the Great Depression. Whether a retail or wholesale investment manager, the developments in the finance sector, regulatory environment and the insurance industry, all point to an increased importance of enhanced insurance cover.

This is why Chubb is responding to the needs of investment managers by offering increased wealth protection when faced with the potential of scrutiny from regulators, investors and shareholders.

The new Chubb Elite II wording is a package policy comprising:

- Directors & Officers Liability Insurance (D&O) to protect individuals for specific management and personal liabilities

- Professional Indemnity Insurance (PI) for investment services offered by investment managers and advisors
- Crime Insurance to protect the investment managers and funds from theft by employees or third parties

Chubb's global presence and experience provides a cutting edge product to investment and fund managers.
