Tiering Calculation

Program Period

From 1 February 2025 onwards
or until further notice is given

Tiering Calculation

1. Eligible Products

Individual Life Insurance Product

- The total value of 100% of the Regular Premiums from all types of ordinary life insurance policy (OL) is calculated, excluding all personal accident plans and group policies.
- The total value of 120% of the premiums for all rider plans is calculated, excluding Health Delight Plus (HDPN) and Health Premium Extra with Deductible (HPED) which will not be included in the calculation.

For the Guaranteed Insurability Option (GIO) Plan

- The total value of 50% of the paid premiums for the policy approved from 1 January 2025 onwards is calculated.
- The total value of 100% of the paid premiums for the policy approved before 1 January 2025 is calculated.

The GIO products require no medical examination and questionnaires. The products include Smart Savings 15/8, 678 Step Savings Annuity Ready and Step Annuity 90/10, 90/60, etc., including other products in the GIO group offered for sale before 2025 and remained effective, and other products in the GIO group plan that the Company may offer for sale in the future.

Unit Linked Insurance Product

- The total value of 120% of Regular Protection Premium (RPP) is calculated.
- The total value of 10% of Regular Top-Up Premium (RTU) and Lump Sum Top-Up Premium (LSTU) is calculated.

Tiering Calculation

The premiums from following cases are excluded from tiering calculation.

- Premiums from Smart Savings 12/4 - the endowment life insurance product
- Premiums from the products of Health Delight Plus (HDPN) and Health Premium Extra with Deductible (HPED)
- Regular premiums under waiver of premium due to disability (WP)
- Regular premiums and riders under waiver of premium due to the premium payer's death or disability (PB)

The criteria and conditions in tiering calculation are subject to the terms and conditions set by the Company and the Company reserves the right to revise or change the method of total annual premium calculation as deemed appropriate by the Company.

Tiering Calculation

2. Only total annual premiums received from all distribution channels for all policies paid within a given year are calculated. Tiering calculation will influence the member tier eligibility for the following year. For example, the total annual premium paid in 2024 will affect the entitlement of the member tiers in 2025 onwards.
3. The Company will calculate the membership tiering two times in 2025 as following:

Tiering Calculation	Premium Payment Period	Cut-Off Date	Usage Period
First Time	1 January 2024 – 31 December 2024	31 December 2024	1 February – 31 December 2025
Second Time	1 July 2024 – 30 June 2025	30 June 2025	16 July – 31 December 2025

4. The calculation applies only to the insured, as specified in the insurance policy, excluding the premium payer and policy owner.
5. The calculation applies to all policies held by the insured with the same Identity Card Number or Passport Number only.
6. The benefits from privileges cannot be transferred to any other person under any circumstances, except for a minor (an individual who is underage and below 20 full years of age, and is not legally married). The minor's premiums will automatically be calculated for the premium payer until the minor reaches the age of 20 (for the premiums which will be calculated for the insured).
7. The calculation does not apply to deceased insured individuals.
8. Company only refers to premium payment date. It is subject to the terms and conditions set by the company.
9. The policies on premium holiday mode and the policies that passed Free Look Period are excluded from tiering calculation.

Remark

The Company reserves the right to change the conditions for campaign participation and/or privileges as deemed appropriate by the Company or cancel the conditions for granting exclusive privileges without prior notice. Some items of privilege are proprietary and operated by the partner companies. The Company reserves the right to disclaim any responsibility for any changes arising from the said privileges or the operations of the partner companies.

Stroke, coronary artery disease, and lung cancer screening program	The medical examination program covers the body's vital systems, such as the brain, heart, and lungs, which work in connection to support its core functions. This program includes a physical examination by a cardiology specialist, ultrasound imaging to assess the risk of stroke, coronary artery calcium scoring, and low-dose CT lung cancer screening.
Service Provider	
BNH Hospital Bangkok	

Privilege	Details
Dementia screening	The MRI dementia screening program is suitable for those concerned about short-term memory loss or with a family history of memory problems, and those at risk due to factors such as being over 60 years of age, genetic predispositions, risky behaviors, such as smoking or regular alcohol drinking, and chronic diseases, such as diabetes, hypertension, or high cholesterol. This program efficiently helps assess brain health and the risk of developing dementia.

Privilege	Details
Hormone screening	Hormones are a vital part of supporting the regulation of various processes in the body and maintaining overall health balance. Hormone screening contributes to recognizing the in-depth information of potential hormonal imbalances, identifying abnormalities and causes associated with specific hormones. This serves as an important guideline for an appropriate health care and treatment plan.
Service Provider	
BDMS Wellness Clinic Bangkok	

Privilege	Details
Telomere testing program	The telomere testing program is a test measuring the length of telomeres, which are the ends of chromosomes that safeguard genetic information from deterioration during cell division. Telomere length shortens as we get older and can reflect biological age as well as the risk of certain disease occurrence, such as heart disease and cancer. This test can be used to assess overall health and the biological aging of the body.
Service Provider	
BDMS Wellness Clinic Bangkok	

Privilege Details

Privilege	Details
Cervical cancer screening / Prostate cancer screening	Cervical cancer screening / Prostate cancer screening are the vital examinations for early-stage cancer detection. Cervical cancer screening for women involves collecting cell samples from the cervix to check for abnormalities that may indicate cancer. Prostate cancer screening for men involves early-stage cancer detection, especially for men aged 50 and above or those with a family history of prostate cancer.

Annual vaccines (Influenza / Diphtheria, Tetanus, Pertussis / Measles, Mumps, Rubella)	Select one type: Annual Influenza Vaccine: It is a once-a-year vaccination to protect against seasonal influenza. It helps reduce the risk of illness and complications, and it is recommended to get vaccinated before the influenza season begins. Diphtheria, Tetanus, and Pertussis Vaccine: This vaccine protects against all three of the said diseases, particularly in adults, since immunity from childhood vaccinations may wane over time, and particularly in those who are in close contact with infants, pregnant women, and medical personnel. Measles, Mumps, and Rubella (MMR) Vaccine: This vaccine protects adults against measles, mumps, and rubella, and it is recommended for those who have not been vaccinated or have ever had these diseases, especially if they are travelling or working in high-risk environments.

Service Terms and Conditions

1. All medical services, including medical examinations, vaccinations, and disease screenings, are subject to the availability of personnel and equipment at each medical facility. Services may be adjusted or cancelled as deemed appropriate without prior notice.
2. Examinations requiring specialized instruments are only available at facilities equipped with such instruments. Please confirm details with your personal assistant before receiving the service.
3. All medical examination services are provided according to the respective hospital or service provider's policies. The Company disclaims any liability for damages resulting from the use of these services.
4. Details and conditions of health services may vary depending on the membership status granted under the program.
5. The Company reserves the right to change the list of annual medical examinations, specialized screenings, as well as privileges and the list of network medical facilities, without prior notice.
6. The Company reserves the right to amend or cancel services, program details, and privileges as deemed appropriate without prior notice.
7. The Company shall not be liable for damages or impacts arising from the use of medical services. Service users should consult doctors or specialists before receiving any services.
8. If services outside the package are used, or additional services are required, the service user shall be responsible for any additional costs.
9. All services defined by the Company may be subject to change without prior notice.
10. Please confirm details of package services, including discounts and promotions, with the staff before deciding to use the services.
11. For more information on conditions and service exclusions, please contact your personal assistant via Tel. 02-614-3678 or e-mail Chubb_Zenith@aspirelifestyles.com between 07:00–20:00 hrs., Monday to Friday (excluding Saturdays, Sundays, and public holidays).

Because every experience you have
matters to us.
