

# Digital business accelerated

## SUMMARY

Prior to the arrival of COVID-19, Chubb collaborated with Accenture to survey 1,350 businesses worldwide. The top priorities for mid-sized businesses in the United Kingdom were mostly related to **harnessing the power of data**. These are potentially even more relevant now, with a forced shift towards seamless digital experiences.

## Top three priorities

Rank #1 | *Adopting AI technology in processes*

Rank #2 | *Using large data sets (big data)*

Rank #3 | *Collaborating with large commercial & social platform players*

## Lowest three priorities

Rank #26 | *Direct digital communication to interact with customers*

Rank #25 | *Advanced recruiting tools & practices*

Rank #24 | *Transparency into & control over personal data*

## WHO ANSWERED?

100%

were mid-market businesses

## WHAT WERE THE TOP INDUSTRIES?

24%

were in manufacturing

17%

were in information, internet & telecom

# Protecting against the risks

Embracing the acceleration of digital can help companies survive, but it can also come with significant risk. With the right insurance products, businesses can rest easy and seize new opportunities with confidence.

## KEY THEME

## Harnessing the power of data

## RISKS AND PRODUCTS

Potential business risk	Chubb products and services available
Collection of large data sets creates legal risks.	Professional Indemnity Cyber
Liability from misuse or misinterpretation of client data for any consultation.	Professional Indemnity
