

Commercial Risk Appetite Tool

Find the Right Fit for Your Risk

Understanding risk appetite is crucial when designing insurance programs for your clients. [Chubb's Commercial Risk Appetite Tool](#) provides clear, searchable and actionable insights into the risks Chubb is best suited to underwrite – bringing greater ease, speed and clarity to brokers and agents building business with Small, Lower Middle Market and Upper Middle Market companies.

Understanding our appetite is simple:

1

Search by revenue, then state and industry descriptor, SIC or NAICS code

Chubb's commercial appetite covers 90% of the U.S. GDP, spanning 25 industry sectors, like:

- Technology
- Life Sciences
- Professional Services
- and more

2

See Chubb's full line of products for your risk

Quickly find the right products from the #1 commercial lines insurer in the U.S.

Coverage spans Property, Casualty, Financial Lines, Cyber, and Specialty Lines, with appetite strength classified as:

- Strong
- Qualified
- None
- N/A

3

Explore detailed risk indicators

Businesses present unique risks and opportunities, with select characteristics impacting underwriting eligibility. See:

- Factors strengthening our appetite
- Limiting factors

4

Link directly to valuable resources for you and your clients

Access industry-specific resources such as:

- Overview Brochures
