

Construction Industry Solutions

North America Major Accounts

CHUBB

A proven leader in the construction industry, Chubb delivers integrated property & casualty and specialized insurance solutions with sophisticated claim management, loss control, risk and safety engineering. Our coverages and services are tailored to construction risks from large loss-sensitive primary wrap-ups, maintenance wrap-ups, to contractor's practice policies, master builder's risk policies, or project specific contractors, owners/developers and professional service firms. Our unique industry practice group provides domestic and multinational clients with a full spectrum of products including primary casualty, excess/umbrella liability, environmental, builders' risk, contractor's equipment, surety, and professional liability, in addition to solutions from our world-class risk management services group, ESIS.

Whether our customers are large or mid-sized contractors or construction project owners, we work collaboratively to help develop effective risk management solutions that utilize both traditional and non-traditional approaches.
