CHUBB®

# What's new with the Chubb Cyber Index℠?

Hi, I'm Clara the Coder, a virtual, automated chatbot. I'm here to walk you through some of the new and exciting enhancements in the Chubb Cyber Index.

As you may know, the Chubb Cyber Index gives you real-time access to our proprietary data, insights into current cyber threats, and information on how you can help protect your organization against them. Since Chubb is always listening to your feedback, we've made changes to the Chubb Cyber Index so it's easier to use and provides more of the information you need most.

Let's take a look at what's new...

Me!
Anytime you have a question, need to find something on the Chubb Cyber Index, or want to connect with a cyber risk specialist, just ask me, Clara. I'm located in the lower right corner of the Chubb Cyber Index.

Chat with Us

Customizable, downloadable reports:
- Generates a report based on your selected industry and revenue
- Export the results (claims trends, cyber incident example, limits benchmarking, etc.) and share as a PDF

Animated annual claims growth chart:
- Highlights annual claims growth by revenue and industry
- Displays which types of organizations are affected most by cyber incidents

Claims trends chart:
- Compares the percentage of annual incident growth to our baseline year in a specific industry or revenue to our overall client base

Cost breakdown pie chart:
- Shows where Chubb claims dollars are spent
- Filters by industry and revenue

Risk assessment section:
- Provides resources to help protect organizations from cyber incidents
- Includes the new Ransomware Pulse Check:
  - Answer six critical questions
  - Receive insight on how you can help your organization reduce exposure to a ransomware event
  - Export and share the results as a PDF
