

With Chubb, you can leave your cares behind once you leave the dock.

Whether you own a runabout, sailboat, or large motor yacht, being on the open water can bring a sense of peace and calm. Your boat can also be your ticket to new adventures and unexplored destinations.

95% overall claim satisfaction*

To protect yourself and your watercraft on the water and off, I'd like you to consider adding comprehensive, competitively priced coverage from a carrier like Chubb.

I've outlined some of the most popular benefits and coverages Chubb has to offer on the following pages. Take a quick look and let me know what you think.

Coverages

Chubb looks for ways to prevent damage from **happening in the first place**. For example, if you need to move your vessel to safety because of an impending hurricane or tropical storm, there's coverage for those costs.

They offer coverage for **sinking, collision, fire, demasting, explosion, or stranding** that results from causes of loss such as wear and tear, gradual deterioration, and lack of maintenance. This important coverage is often overlooked and may be excluded from standard watercraft policies.

Chubb offers replacement cost coverage for **personal property** for family members and guests aboard with no deductible.

They don't exclude coverage for **mechanical or electrical breakdown**.

Services & Benefits

Chubb trains their claim adjusters to contact you **within 24 hours** and, if approved, to issue your payment within 48 hours.

You agree to the **value of your boat when your policy is written**. That way, you know how much you'll get if a total loss occurs.

You can **combine watercraft of all sizes onto one single policy**, and Chubb will automatically cover new watercraft purchases for the first 30 days.

Chubb provides yacht owners with **services** like background screenings, travel briefings, and discounted rates on security services at no additional charge.
