Get easy access to our qualified cyber experts and solutions that help you stay a step ahead

CHUBB®

At Chubb, we know that dealing with the effects of a cyberattack can be a lengthy and emotional process. We're committed to offering our clients proactive tools to help prevent issues from happening, and to reduce the chance that you'll be a victim of cybercrimes.

That's why we've partnered with [The Ackerman Group LLC](#) (AG), a premier consulting, investigative and crisis management firm. Ackerman offers Chubb clients the opportunity to have a cybersecurity review by phone at no fee to address your cyber security concerns and offer innovative measures to keep your online network safe.

Through Chubb's partnership with Ackerman, you'll receive the following benefits during your cybersecurity review:

Providing Recommendations on Anti-Virus and Anti-Malware Programs:

You'll benefit from our knowledge of industry best standards and practices.

Highlighting Proper Usage Guidelines:

Ackerman can recommend guidelines for you and your family on proper cybersecurity practices, and evaluate the design of your home network.

Establishing Best Practices for Internet, Email, and Social Media

Use: Benefit from Ackerman's guidance on best practices for internet and social media use.

To request a cyber security and vulnerability consultation, please contact Ackerman Group at (844) 868-3723 to speak with a cyber consultant.

Ackerman also offers the following services at a discounted fee for Chubb Clients:

In-Depth Digital Security Audits and Assessments:

Ackerman will visit your home or office, and provide a detailed report of key findings and recommendations to enhance your security.

Tailored Protection: You'll receive secure configuration of home or office network security devices, software, computers, and user policies.

Offering Strategic Advice to Combat Current Security Threats: Ackerman's expert programmers will analyze your website vulnerabilities and remedy them to avoid the unexpected from happening.

Empowering Your Employees and Family Through In-Person Training to Recognize and Prevent Current Cybersecurity Risks:

Ackerman's specialists will visit your home or office to educate employees or family members to instill the cybersecurity culture of your firm or home environment and during travel.
