

CHUBB®

The Future Worker

New business practices and technologies have led to many workers supplying their labor outside of the traditional employment relationship, with a continued shift towards contract work.

From Shared Economy App providers enabling flexible and freelance work to

organizations leveraging contract workers, the Future Workers are unique. They are technologically-savvy and highly adaptive.

Spend a day in the life of the following Future Workers to understand their risks and fears. Discover the insurance solutions developed to protect their livelihoods.

A Day in the Life of a Rideshare Driver

Alan is a rideshare driver who drives about 10 hours a day.

He and his family worry about how they would cope with daily expenses and his children's education costs if he is unable to work due to an accident.

Pickup: 112 Central Park

The worldwide ridesharing market size was about **US\$36 billion** in 2017 but it could grow eight-fold by the year 2030, reaching **\$285 billion** annually.¹

Knowing he is protected by Chubb, Alan is confident he can still provide for his family even when he isn't on the road.

Insurance from Chubb - Accident & Income Protection

Medical Expenses due to Accident	Permanent Total Disablement due to Accident or Accidental Death
Protection against potentially expensive incurred medical bills.	Lump sum to cover significant future expenses and loss of income.
Daily Cash while Hospitalized due to Sickness/Accident	Education Benefit
Covers medical bills and additional expenses incurred such as taxi rides for hospital visits.	Ensuring children's school fee obligations can continue to be met in the event of Accidental Death or Disablement.

A Day in the Life of a Technopreneur

Simon is a technopreneur working in a small tech start-up.

He works out of a co-working office with his two friends who share similar ambitions.

His parents often worry about him being unable to generate an income due to sickness or an accident whereas Simon worries about losing his laptop and/or smartphone.

92%

of millennials want to work remotely.²

Knowing he is protected by Chubb, Simon is confident he can continue covering his expenses even when he can't work.

Insurance from Chubb - Accident & Income Protection

Medical Expenses due to Accident	Accidental Death or Disablement due to Accident
Protection against potentially expensive incurred medical bills.	Lump sum to cover significant future expenses and loss of income.
Daily Cash while Hospitalized due to Sickness/Accident	Funeral Expenses
Covers medical bills and additional expenses incurred such as taxi rides for hospital visits.	Coverage in the event of Accidental Death to ease the family's financial burden.
Loss of Personal Devices	Parent Care Benefit
Covers loss of important personal devices crucial to generating daily income.	A monthly benefit in the event of Accidental Death to continue regular payments to parents so that they do not suffer financially.

A Day in the Life of a Social Media Influencer

Cherie is a social media influencer who has 75,000 Instagram followers. She specializes in travel posts on fashion and lifestyle.

Cherie_Lifestyle

Jetting in and out several times a year is her routine.

Her parents often worry about her falling sick or being injured while overseas. Cherie is more worried about flight delays and baggage loss instead (she needs that kaftan to wear in Thailand for her Insta stories!).

A Day in the Life of a Conservationist

Andrew is a wildlife conservationist hired by a Non-Governmental Organization (NGO) for a project in Kalimantan.

He relies heavily on devices such as his tablet, smartphone and even a drone to do his job. He worries about falling sick and his devices being damaged.

Ecotourism's popularity has been increasing with the number of eco tourists growing by around **10%** annually. The increase in conservation jobs is part of this growth story.⁵

Knowing he is protected by Chubb, Andrew is confident of being able to continue his conservation work even if he loses his devices. With insurance, he will be able to pay for new ones.
