

CHUBB®

Industry Practices

Industry Specialists. Multiline Solutions.
One Point of Contact.

Chubb's deep commitment to providing holistic, customised and client-centric solutions sets us apart in the market. Our longevity, global presence, and robust financial strength are at the core of our business, underpinning our reputation of paying claims promptly and fairly.

Our team of industry specialists in underwriting, risk engineering and claims understand the unique risks our clients face. Connecting different coverages and services, we design industry-specific insurance solutions to meet the distinct needs of each sector – ensuring tailored protection and expert risk management support for our clients.

Industry expertise meets integrated solutions

Industry-focused underwriting

- Streamlined underwriting experience with a single point of contact
- Continuous engagement with industry to understand trends and emerging exposures
- In-depth industry expertise to anticipate new coverage requirements and adapt our solutions

Client-centric, customised coverage

- Integrated coverages in a single packaged solution to eliminate coverage gaps
- Comprehensive and customisable insurance solutions to meet diverse business needs
- Tailored coverage that aligns with industry specific exposures and client needs across multiple risk areas

Advanced risk engineering capabilities

- Actionable risk assessment advice for more effective decision-making
- Custom programmes that help clients better manage exposures
- Access to advanced risk engineering tools and resources such as Chubb Risk Engineering Exchange and Chubb Risk Consulting Library
