

Insurance Solutions for Fine Art and Collections

Fine art and valuable collections hold unique cultural, historical and financial significance for owners, collectors and future generations. To protect these precious assets, you need tailored coverage, specialised expertise, and an insurance partner you can trust.

Chubb offers comprehensive solutions for companies in the commercial art industry, as well as private or corporate collectors, designed to address your specific needs with insurance capacity of up to USD 400M. Our commitment to exceptional service is delivered by local, regional, and global experts who understand the complexities of protecting your valuable collections.

Products and coverage highlights

Chubb Fine Art, Jewellery and Collections Insurance

Tailored for private and corporate collectors, this policy provides worldwide coverage for fine art, jewellery and collectibles. In addition to coverage for physical loss or damage, it also provides unique coverage features such as depreciation, automatic cover for new acquisitions. Special extensions include defective title, commissioned works, and death of artist.

Chubb Fine Art Dealers and Galleries Insurance

This policy was designed for art dealers, commercial galleries and auctioneers, reflecting the pace and complexity of businesses handling high stock turnover, as well as consigned and loaned property. It provides comprehensive coverage for physical loss or damage across scheduled premises, unnamed locations, transit and exhibitions, bringing these exposures together under one flexible policy.

Chubb Fine Art Exhibition Insurance

From the moment a piece of art leaves a lender's premises, cover attaches and remains in force continuously until the art is returned and reinstated. This policy covers the full exhibition period and every stage around it, including packing, transit, incidental storage, hanging, display and return transit. This provides lenders, organisers and exhibitors continuity of coverage throughout the journey of the art piece.

Chubb Fine Art Shippers and Packers Insurance

Intended for art logistics professionals, packers and freight forwarders, this policy provides legal liability coverage for clients while the artwork is in their care, custody and control. Coverage applies during packing, handling and transit, reflecting the specialist responsibilities involved in moving valuable works on behalf of others.

Who we insure

Private and corporate collectors

Museums and galleries

Exhibitors and organisers
