

Introducing ePolicy™ From Chubb...

Save Time. Save Space. Save Trees.

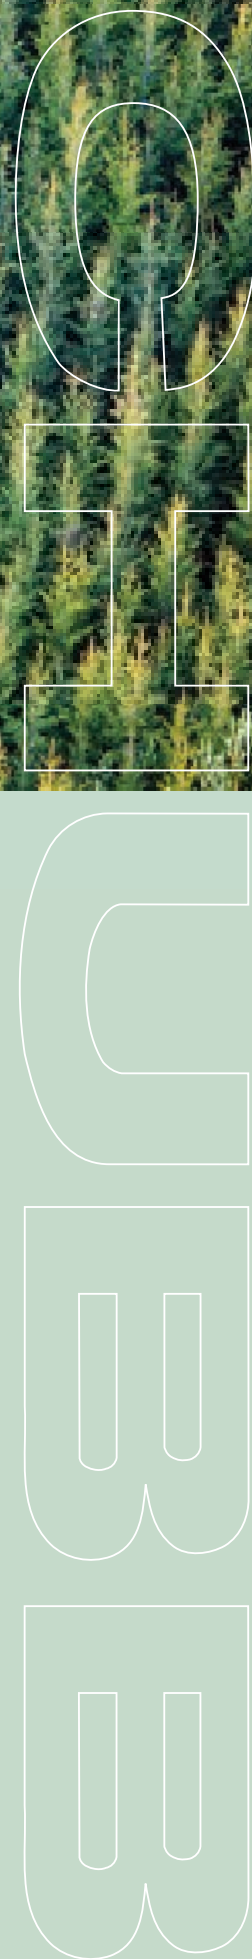

Do your part. Make your Chubb policy a paperless ePolicy today.

Making the world a greener place benefits all of us. That's why Chubb invites you to participate in a complimentary new program called **ePolicy** — a fast and easy way to receive your Chubb policy via email, instead of the traditional paper format you currently receive by mail. **ePolicy** not only saves you time and space; it also ensures that you're doing your part in preserving the environment.

Visit **www.chubb.com/personal** and click on "eServices" to enroll.

Your next Chubb policy(s) and related policy documents will be delivered to you as a highly secure PDF. With a simple double click, you can open, view, save, forward or print your document(s). There are no usernames or passwords to remember and, best of all, no more paper.

For complete details, flip the page. And thank you for partnering with Chubb to help make the Earth healthier for all of us.

How to enroll in ePolicy from Chubb.

Simply go to www.chubb.com/personal and click on “eServices.” You will need your policy number(s) and effective dates(s) to enroll. Within a few days, you will receive a paper confirmation regarding your enrollment. From that point on, your next policy and all related policy documents will be emailed to you in a highly secure PDF attachment. (Only those documents required in paper format by law will be sent via regular mail).

It's safe and secure.

Rest assured that Chubb uses the most advanced security techniques to help protect your ePolicy at all times. In fact, because the documents are encrypted, ePolicy is more secure than regular mail.

How it works.

To open your ePolicy, all you need to do is enter the two-letter state abbreviation for the mailing address listed on the policy, plus the first five digits of the policy zip code (example: ny12345). You can then view, save or forward your policy. There are no usernames or passwords to remember. It's that easy.

Save time.

Once enrolled, you'll receive your ePolicy PDF and all related policy documents within a few hours after policy issuance, instead of the customary few days later with traditional paper delivery. You'll be able to access your ePolicy anytime, anywhere you have access to email... and get answers fast. And in the event of a claim, ePolicy offers convenience that is hard to beat. This can be especially critical following a loss in which your personal paper files may have been damaged or destroyed.

Save some space.

Since ePolicy is delivered electronically, you won't need to clutter up your home or office with more paper. So say good-bye to bulky insurance files. But if necessary, you can always request a paper copy from Chubb or print your own copy anytime.

Save trees... and more!

Your enrollment in ePolicy will make a significant impact. If just 20% of our customers participate, you'll help Chubb save an estimated 40 tons of paper and spare nearly 1,000 trees each year. You'll also help prevent these by-products of paper processing from polluting the environment:

- 46 tons of solid waste
- Small particles equal to 44 buses running for 1 year uninterrupted
- 227,608 pounds of greenhouse gases equal to 21 cars running for 1 year uninterrupted
- 763,800 gallons of waste water

Just imagine how much we could conserve if 100% of our customers participate....
