- Computer and peripheral equipment manufacturers
- Communications equipment manufacturers
- Electronic components and accessories manufacturers
- Integrated circuit manufacturers
- Network/hardware manufacturers
- Smart technology accessories manufacturers
- Communications gateways
- IP telephony

Information Communication Technology Services

- Data processors and integrators
- Data storage and retrieval services
- Computer consultants and systems analysts
- Computer facilities managers
- Computer maintenance and repair
- Value added resellers
- Hardware and software defence

- contractors
- Outsourcers
- Other computer-related services

Software Development

Designers, developers and producers of:

- Pre-packaged software
- Operating systems
- Networking software
- Databases
- Application software and tools
- Computer programming
- COTS shrink-wrapped software
- Medical packages
- Security packages

Internet and Unified Communication Services

Voice, data and video transmission services, including:

- Internet service providers
- Application service providers
- Web hosting and ancillary services
- Wireless communications and messaging services
- Infrastructure development projects
- Media providers
- Informatics engineering

Health Informatics Technology

- Clinical Informatics Medical records Software systems Image informatics
- Tele-Health
- Hospital /Clinic/Pharmacy/GP

- Administration Systems & Software
 - Billing
 - Patient appointments
 - Patient Management
- Medical Research Informatics
- Medical Processing Equipment
- Bio-Medical Informatics

Defence Technologists

- Defence technology contractors
- MOD contractors
- Communication product manufacturer
- Communication services developer
- Satellite Communication Specialists
- Anti Terrorism/Surveillance technology
- Testing Agents
- Unmanned Aerial Systems Software
- Unmanned ground vehicles

Government Contractors

- Software developer
 - CAD/CAM
 - Financial systems
 - Database management
- Communication equipment manufacturers
- Data processing
- Computer maintenance
- Network service providers
- Data storage systems service
- Data centre operations
- Converged communications services

Advanced Manufacturing

- Advanced robotics
- High precision technologies
- Computer maintenance

- Management Integration and Intelligence (MII) Systems
- Manufacturing Operations
- Management (MOM) Systems
- Sustainability technologies
- Automation processes
- 3D Printing processes

Emerging Technologies

- Cloud
- Big Data
- Internet of Things
- Predictive modelling
- Diagnostic equipment
- Real Time equipment and software testing analytics
- Process Control/Control system integration

Clean Technology

- Analytical & monitoring solutions
- Asset efficiency management equipment
- Efficient lighting design and manufacturing eg solar street lights
- Emissions control monitoring & compliance devices
- Environmental technology equipment by OEMs or distributors
- Smart building systems
- Smart Grid technologies including software monitor dashboards and hosting
- Smart meter technology
